

OFFICE OF THE STATE CONTROLLER  
STATE MANDATED COSTS CLAIMING INSTRUCTIONS NO. 2007-16  
REMOVAL OF CHEMICALS

May 11, 2007

Revised January 30, 2009

In accordance with Government Code (GC) Section 17561, eligible claimants may submit claims to the State Controller's Office (SCO) for reimbursement of costs incurred for state mandated cost programs. The following are claiming instructions and forms that eligible claimants will use for filing claims for the Removal of Chemicals program. These claiming instructions are issued subsequent to adoption of the program's Amended Parameters and Guidelines (P's and G's) by the Commission on State Mandates (CSM).

On July 28, 1988, CSM determined that test claim legislation established costs mandated by the State. On October 4, 2006, CSM amended the P's and G's to conform to Chapter 840, Statutes of 1994. On March 29, 2007, CSM corrected the P's and G's according to the provisions listed in the Amended P's and G's. For your reference, the Amended P's and G's are included as an integral part of the claiming instructions.

**Limitations and Exceptions**

This P's and G's Amendment is effective for the 2004-2005 fiscal year and subsequent fiscal years.

All costs incurred after June 30, 1988, associated with the removal of chemicals which meet the definition of "retrograde materials" contained in Health and Safety Code section 25121.5 are non-reimbursable.

No claim for reimbursement for the costs associated with the actual removal and disposal of chemicals to comply with the certification requirements of Chapter 1107, Statutes of 1984, will be reimbursed by SCO until verification has been obtained by SCO from the Department of Education (DOE) that the claimant complied with the certification requirements and deadline of June 30, 1988.

A claim may not include costs for removal and disposal of chemicals that were known to be "retrograde material" (Health and Safety Code §25121.5) prior to enactment of Chapter 1107, Statutes of 1984, and the issuance of DOE's Guidelines.

There will be no reimbursement for any period in which the Legislature has suspended the operation of a mandate pursuant to state law.

**Eligible Claimants**

Except for community colleges, any school district or county office of education, that incurs increased costs as a result of this mandate, is eligible to claim reimbursement.

## **Filing Deadlines**

### **A. Reimbursement Claims**

A reimbursement claim is defined in GC Section 17522 as any claim filed with SCO by a school district for reimbursement of costs incurred for which an appropriation is made for the purpose of paying the claim.

An actual claim may be filed by February 15 following the fiscal year in which costs were incurred. If the filing date falls on a weekend or holiday, the filing deadline will be the next business day. Since the 15<sup>th</sup> falls on a weekend in 2009, claims for fiscal year 2007-08 will be accepted without penalty if postmarked or delivered on or before February 17, 2009. Claims filed after the deadline will be reduced by a late penalty of 10%, not to exceed \$10,000. However, initial reimbursement claims will be reduced by a late penalty of 10% with no limitation. Claims filed more than one year after the deadline will not be accepted.

Documentation to support actual costs must be kept on hand by the claimant and made available to SCO upon request as explained in Section 16 of the instructions.

### **B. Estimated Claims**

Pursuant to AB 8, Chapter 6, Statutes of 2008, the option to file estimated claims has been eliminated. Therefore, estimated claims filed on or after February 16, 2008, will not be accepted by SCO.

## **Minimum Claim Cost**

GC Section 17564(a) provides that no claim may be filed pursuant to Sections 17551 and 17561, unless such a claim exceeds one thousand dollars (**\$1,000**), provided that a county superintendent of schools may submit a combined claim on behalf of school districts within their county if the combined claim exceeds **\$1,000**, even if the individual school district's claim does not each exceed **\$1,000**. The county superintendent of schools will determine if the submission of the combined claim is economically feasible and be responsible for disbursing the funds to each school district. These combined claims may be filed only when the county superintendent of schools is the fiscal agent for the districts. A combined claim must show the individual claim costs for each eligible school district. All subsequent claims based upon the same mandate will only be filed in the combined form unless a school district provides a written notice of its intent to file a separate claim to the county superintendent of schools and to SCO at least 180 days prior to the deadline for filing the claim.

## **Reimbursement of Claims**

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities.

A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations.

Declarations must include a certification or declaration stating, "I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of Code of Civil Procedure Section 2015.5.

Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, corroborating documents cannot be substituted for source documents.

### **Audit of Costs**

All claims submitted to SCO are reviewed to determine if costs are related to the mandate, are reasonable and not excessive, and if the claim was prepared in accordance with SCO's claiming instructions and the P's & G's adopted by CSM. If any adjustments are made to a claim, a "Notice of Claim Adjustment" specifying the activity adjusted, the amount adjusted, and the reason for the adjustment, will be mailed within 30 days after payment of the claim.

Pursuant to GC Section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a claimant is subject to audit by SCO no later than three years after the date the actual reimbursement claim was filed or last amended, whichever is later. However, if no funds were appropriated or no payment was made to a claimant for the program for the fiscal year for which the claim was filed, the time for the Controller to initiate an audit shall commence to run from the date of initial payment of the claim.

All documents used to support the reimbursable activities must be retained during the period subject to audit. If an audit has been initiated by the Controller during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings.

On-site audits will be conducted by SCO as deemed necessary. Accordingly, all documentation to support actual costs claimed must be retained for a period of three years after the end of the calendar year in which the reimbursement claim was filed or last amended regardless of the year of costs incurred. When no funds were appropriated for initial claims at the time the claim was filed, supporting documents must be retained for three years from the date of initial payment of the claim. Therefore, all documentation to support actual costs claimed must be retained for the same period, and shall be made available to the SCO on request.

### **Retention of Claiming Instructions**

The claiming instructions and forms in this package should be retained permanently in your Mandated Cost Manual for future reference and use in filing claims. These forms should be duplicated to meet your filing requirements. You will be notified of updated forms or changes to claiming instructions as necessary.

Questions or requests for hard copies of these instructions should be faxed to Angie Lowi-Teng at (916) 323-6527 or e-mailed to **LRS DAR@sco.ca.gov** or, if you wish, you may call the Local Reimbursements Section at (916) 324-5729.

For your reference, these and future mandated costs claiming instructions and forms can be found on the Internet at [www.sco.ca.gov/ard/local/locreim/index.shtml](http://www.sco.ca.gov/ard/local/locreim/index.shtml).

### **Address for Filing Claims**

Claims should be rounded to the nearest dollar. Submit a signed original and a copy of form FAM-27, Claim for Payment, and all other forms and supporting documents. **To expedite the payment process, please sign the form in blue ink, and attach a copy of the form FAM-27 to the top of the claim package.**

## AMENDMENT TO PARAMETERS AND GUIDELINES

Education Code Section 49411  
Statutes 1984, Chapter 1107

As Amended by Statutes 1994, Chapter 840

Department of Education Guidelines

### *Removal of Chemicals (06-PGA-01) (CSM-4211 and CSM-4298)*

For Fiscal Year 2004-2005 and Subsequent Years

#### **I. SUMMARY OF THE MANDATE**

On July 28, 1988, the Commission on State Mandates (Commission) adopted a Statement of Decision finding that Statutes 1984, chapter 1107 and the Department of Education Guidelines developed pursuant thereto, imposed a new program or higher level of service for school districts and county offices of education within the meaning of article XIII B, section 6 of the California Constitution and Government Code section 17514. The Commission determined the following activities to be reimbursable:

- Implementing and maintaining a program for the regular removal and disposal of all chemicals whose shelf life has elapsed in accordance with the guidelines issued by the State Department of Education, and
- Certifying to the Superintendent of Public Instruction whether the district is in compliance with the guidelines.

Statutes 1994, chapter 840 amended Education Code section 49411, subdivision (b), and deleted the language that required each school district, on or before January 1, 1986, to certify compliance with the guidelines to the superintendent.

On October 4 2006, the Commission amended the parameters and guidelines to conform to Statutes 1994, chapter 840. On March 29, 2007, the Commission corrected the parameters and guidelines amendment.

#### **II. ELIGIBLE CLAIMANTS**

Any school district, or county office of education, as defined in Government Code section 17519, that incurs increased costs as a result of this mandate is eligible to claim reimbursement.

#### **III. PERIOD OF REIMBURSEMENT**

This parameters and guidelines amendment is effective for the 2004-2005 and subsequent fiscal years .

Pursuant to Government Code section 17560, reimbursement for state-mandated costs may be claimed as follows:

1. A school district may file an estimated reimbursement claim by January 15 of the fiscal year in which costs are to be incurred, and, by January 15 following that fiscal year shall file an annual reimbursement claim that details the costs actually incurred for that fiscal year; or it may comply with the provisions of subdivision (b). A school district may, by January 15 following the fiscal year in which costs are incurred, file an annual reimbursement claim that details the costs actually incurred for that fiscal year.
2. In the event revised claiming instructions are issued by the Controller pursuant to Government Code section 17558, subdivision (c), between October 15 and January 15, a school district filing an annual reimbursement claim shall have 120 days following the issuance date of the revised claiming instructions to file a claim.

Reimbursable actual costs for one fiscal year shall be included in each claim. Estimated costs for the subsequent year may be included on the same claim, if applicable. Pursuant to Government Code section 17561, subdivision (d)(1), all claims for reimbursement of initial years' costs shall be submitted within 120 days of the issuance of the State Controller's claiming instructions. If the total costs for a given fiscal year do not exceed \$1,000, no reimbursement shall be allowed, except as otherwise allowed by Government Code section 17564.

There shall be no reimbursement for any period in which the Legislature has suspended the operation of a mandate pursuant to state law.

#### **IV. REIMBURSABLE ACTIVITIES**

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, and declarations. Declarations must include a certification or declaration stating, "I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of Code of Civil Procedure section 2015.5. Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, corroborating documents cannot be substituted for source documents.

The claimant is only allowed to claim and be reimbursed for increased costs for reimbursable activities identified below. Increased cost is limited to the cost of an activity that the claimant is required to incur as a result of the mandate. For each eligible claimant, the following activities are reimbursable:

1. Consultant fees for preparation of initial chemical inventories, preparation of chemical profile inventories for chemical disposal purposes, supervision (monitoring) of contractor during on-site related activities.

2. All contractor fees/charges for review and computer entry of inventories.
3. All costs for the regular removal and disposal of chemicals that have not yet reached a "retrograde" condition (Health and Safety Code Section 25121.5) but still pose a significant threat to the health and safety of teachers, staff, and students as established by the most current Department of Education Guidelines. The costs of regular removal and disposal may include, but are not limited to, the following:
  - a. Consultant fees for supervision of lab-packing, loading, etc.
  - b. Contractor fees/charges for lab-packing of chemicals, transportation of waste and/or charges associated with final disposition of the waste material to include: treatment; recycling; incineration; landfill disposal.
  - c. All costs incurred by the school district for packing of these chemicals in-house using district personnel. These costs may include disposable body suits, protective gloves, D. & T. approved shipping containers (drums, liners, etc.), absorbent materials for spill containment and lab-packing, D.O.T. approved shipping labels for D.O.T. containers, publications used for reference and/or training of district personnel to include "Science Safety Handbook for California High Schools.
  - d. Other miscellaneous costs incurred by the district which are imposed by local, state and/or federal governmental agencies. These costs are normally charged as taxes or surcharges, such as excise tax fees, generator fees and/or superfund taxes, by the particular agency. These costs are reimbursable only to the extent that they are incurred for the disposal of chemicals which have not yet reached a "retrograde" condition as specified above.

All costs incurred after June 30, 1988, associated with the removal of chemicals which meet the definition of "retrograde materials" contained in Health & Safety Code section 25121.5 are non-reimbursable.

No claim for reimbursement for the costs associated with the actual removal and disposal of chemicals to comply with the certification requirements of Statutes 1984, chapter 1107 shall be reimbursed by the State Controller until verification has been obtained by the State Controller's Office from the Department of Education that the claimant complied with the certification requirements and deadline of June 30, 1988.

A claim may not include costs for removal and disposal of chemicals which were known to be "retrograde material" (Health & Saf. Code, § 25121.5) prior to enactment of Statutes 1984, chapter 1107 and the issuance of the Department of Education Guidelines.

## **V. CLAIM PREPARATION AND SUBMISSION**

Each of the following cost elements must be identified for each reimbursable activity identified in Section IV, Reimbursable Activities, of this document. Each claimed reimbursable cost must be supported by source documentation as described in Section IV. Additionally, each reimbursement claim must be filed in a timely manner.

## A. Direct Cost Reporting

Direct costs are those costs incurred specifically for the reimbursable activities. The following direct costs are eligible for reimbursement.

### 1. Salaries and Benefits

Report each employee implementing the reimbursable activities by name, job classification, and productive hourly rate (total wages and related benefits divided by productive hours). Describe the specific reimbursable activities performed and the hours devoted to each reimbursable activity performed.

### 2. Materials and Supplies

Report the cost of materials and supplies that have been consumed or expended for the purpose of the reimbursable activities. Purchases shall be claimed at the actual price after deducting discounts, rebates, and allowances received by the claimant. Supplies that are withdrawn from inventory shall be charged on an appropriate and recognized method of costing, consistently applied.

### 3. Contracted Services

Report the name of the contractor and services performed to implement the reimbursable activities. Attach a copy of the contract to the claim. If the contractor bills for time and materials, report the number of hours spent on the activities and all costs charged. If the contract is a fixed price, report the dates when services were performed and itemize all costs for those services.

### 4. Fixed Assets and Equipment

Report the purchase price paid for fixed assets and equipment (including computers) necessary to implement the reimbursable activities. The purchase price includes taxes, delivery costs, and installation costs. If the fixed asset or equipment is also used for purposes other than the reimbursable activities, only the pro-rata portion of the purchase price used to implement the reimbursable activities can be claimed.

### 5. Travel

Report the name of the employee traveling for the purpose of the reimbursable activities. Include the date of travel, destination point, the specific reimbursable activity requiring travel, and related travel expenses reimbursed to the employee in compliance with the rules of the local jurisdiction. Report employee travel time according to the rules of cost element A.1, Salaries and Benefits, for each applicable reimbursable activity.

## B. Indirect Cost Rates

Indirect costs are costs that have been incurred for common or joint purposes. These costs benefit more than one cost objective and cannot be readily identified with a particular final cost objective without effort disproportionate to the results achieved. After direct costs have been determined and assigned to other activities, as appropriate, indirect costs are those remaining to be allocated to benefited cost objectives. A cost may not be allocated as an indirect cost if any other cost incurred for the same purpose, in like circumstances, has been claimed as a direct cost.

Indirect costs include: (a) the indirect costs originating in each department or agency of the governmental unit carrying out state mandated programs, and (b) the costs of central governmental services distributed through the central service cost allocation plan and not otherwise treated as direct costs.

School districts must use the J-380 (or subsequent replacement) non-restrictive indirect cost rate provisionally approved by the California Department of Education.

County offices of education must use the J-580 (or subsequent replacement) non-restrictive indirect cost rate provisionally approved by the California Department of Education.

## **VI. RECORD RETENTION**

Pursuant to Government Code section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a local agency or school district pursuant to this chapter<sup>1</sup> is subject to the initiation of an audit by the Controller no later than three years after the date that the actual reimbursement claim is filed or last amended, whichever is later. However, if no funds are appropriated or no payment is made to a claimant for the program for the fiscal year for which the claim is filed, the time for the Controller to initiate an audit shall commence to run from the date of initial payment of the claim. In any case, an audit shall be completed not later than two years after the date that the audit is commenced. All documents used to support the reimbursable activities, as described in Section IV, must be retained during the period subject to audit. If an audit has been initiated by the Controller during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings.

## **VII. OFFSETTING REVENUES AND OTHER REIMBURSEMENTS**

Any offsets the claimant experiences in the same program as a result of the same statutes or executive orders found to contain the mandate shall be deducted from the costs claimed. In addition, reimbursement for this mandate received from any source, including but not limited to, service fees collected, federal funds and other state funds shall be identified and deducted from this claim.

## **VIII. STATE CONTROLLER'S REVISED CLAIMING INSTRUCTIONS**

Pursuant to Government Code section 17558, subdivision (c), the Controller shall issue revised claiming instructions for each mandate that requires state reimbursement not later than 60 days after receiving the revised parameters and guidelines from the Commission, to assist local agencies and school districts in claiming costs to be reimbursed. The revised claiming instructions shall be derived from the test claim decision and the revised parameters and guidelines adopted by the Commission.

Pursuant to Government Code section 17561, subdivision (d)(2), issuance of the revised claiming instructions shall constitute a notice of the right of the local agencies and school districts to file reimbursement claims, based upon the revised parameters and guidelines adopted by the Commission.

---

<sup>1</sup> This refers to Title 2, division 4, part 7, chapter 4 of the Government Code.

## **IX. REMEDIES BEFORE THE COMMISSION**

Upon request of a school district, the Commission shall review the claiming instructions issued by the State Controller or any other authorized state agency for reimbursement of mandated costs pursuant to Government Code section 17571. If the Commission determines that the claiming instructions do not conform to the parameters and guidelines, the Commission shall direct the Controller to modify the claiming instructions and the Controller shall modify the claiming instructions to conform to the parameters and guidelines as directed by the Commission.

In addition, requests may be made to amend parameters and guidelines pursuant to Government Code section 17557, subdivision (d), and California Code of Regulations, title 2, section 1183.2.

## **X. LEGAL AND FACTUAL BASIS FOR THE PARAMETERS AND GUIDELINES**

The Statement of Decision is legally binding on all parties and provides the legal and factual basis for the parameters and guidelines. The support for the legal and factual findings is found in the administrative record for the test claim. The administrative record, including the Statement of Decision, is on file with the Commission.
